# 2024-25 Annual Report on the Missouri Course Access and Virtual School

## Introduction

The Missouri Course Access and Virtual School Program (MOCAP) offers Missouri students a wide range of high-quality courses, flexibility in scheduling, and interactive online learning.

MOCAP provides students and families the opportunity to:

- Engage in school choice;
- Personalize learning to student interests; and
- Provide equitable access to high-quality, rigorous courses no matter where a student resides.

In 2024-25 MOCAP brought a no-cost public school choice to Missouri students and families. Online learning options were available through course requests made to resident local education agencies (LEAs) and through direct enrollment in full-time online programs hosted by public school districts. In addition to offering courses taught by Missouri certified teachers, MOCAP providers also offered LEAs courses with curriculum-only options, offering support for local issues related to certified teacher shortages, equity of access, or LEAs' desires to expand individualized or flexible learning pathways.

MOCAP courses are designed to meet quality online course design standards, guided by the National Standards for Quality (NSQ) and its National Standards for Quality Online Courses. MOCAP courses are delivered synchronously or asynchronously, depending upon the course, grade level, and status as a curriculum only course or a course supported by an instructor. All courses are aligned to Missouri Learning Standards or other nationally recognized standards, including Advanced Placement, Project Lead the Way, and various workforce and career-specific certification programs.

MOCAP oversight is provided at the state department level, providing reviews to ensure the alignment of course curriculum to Missouri Learning Standards, to verify teacher certification, to verify LEA compliance with parent and guardian notification of online learning options for Missouri students, to ensure providers meet statutory qualifications to become or remain part of the MOCAP provider group, and to answer questions related to online learning. This oversight affords MOCAP providers and host LEAs broad autonomy to provide courses and instruction that meet both the needs and the demands of Missouri's learners.

During the 2024-25 school year, the fifth year of MOCAP, and the third year MOCAP provided a full-time, hosted enrollment opportunity, about 16,500 students engaged in online learning through MOCAP providers, an increase of 4,126 students from 2023-24. Of these students, 2,256 students remained enrolled in their resident districts and participated in one or more MOCAP courses. The remaining 14,234 students were enrolled by parents or guardians in full-time hosted MOCAP programs.

Analysis showed MOCAP course participation decreased by 459 students in 2024-25, reflecting the second consecutive decrease in annual MOCAP course participation. In total, MOCAP course participation declined by 1,783 students from 2023 to 2025. Full-time hosted MOCAP student participation increased by 4,585 students, reflecting the second consecutive annual increase in full-time hosted MOCAP participation. The increase in full-time

hosted participation has risen by 8,465 students from 2023 to 2025. There were 2,924 courses provided by 17 authorized providers in 2024-25, an increase of 930 courses.

In all, students were enrolled in 162,868 MOCAP courses in 2024-25, an increase of 69,180 course enrollments over the previous year. Course completion declined in 2024-25, declined from 95 percent to 77 percent; the number of courses both completed and passed increased by 17 percent, with the combined course completion and passing rate in 2024-25 ending at 91 percent.

This report fulfills the Missouri Department of Elementary and Secondary Education's (DESE's) reporting requirements under §161.670.10, RSMo. This Annual Report discloses available data related to course enrollments, passing rates, and state testing metrics for students participating in the MOCAP program. This report also provides state testing data for MOCAP students enrolled in full-time MOCAP programs under legislation enacted during the 2022 legislative session, when full-time hosted providers became attendance centers within their host LEAs. Further, data for full-time hosted providers is provided as outlined in the statute as required under §161.670.3(4)(i), RSMo.

The reader should note that this report addresses only the MOCAP program for the 2024-25 school year. Schools in Missouri may also provide virtual learning to their students outside of MOCAP, either through locally developed courses, contracts with providers, or agreements with each other. Virtual coursework data for these courses are not included in this report.

Summary Statistics		
16,490 Total Students	2,924 Authorized Courses	17 Authorized Providers
162,868 Course Enrollments	77% Course Completion Rate	91% Course Passing Rate

Table 1

### Definitions

**Completion Rate:** The number of students finishing a course, regardless of final grade, divided by the total number of students that enrolled in the course.

**Passing Rate:** The number of students who passed the course with a 60 percent or higher, divided by the number of students that completed the course.

## Program and Provider Data

### Enrollment and Completion Data

Year-end data verification reports from the courseware providers indicated just over 16,000 students were enrolled in over 153,000 courses during the 2024-25 school year. Seventy-seven percent of students completed their courses with 91 percent of completed courses being passed with a grade of 60 percent or higher.

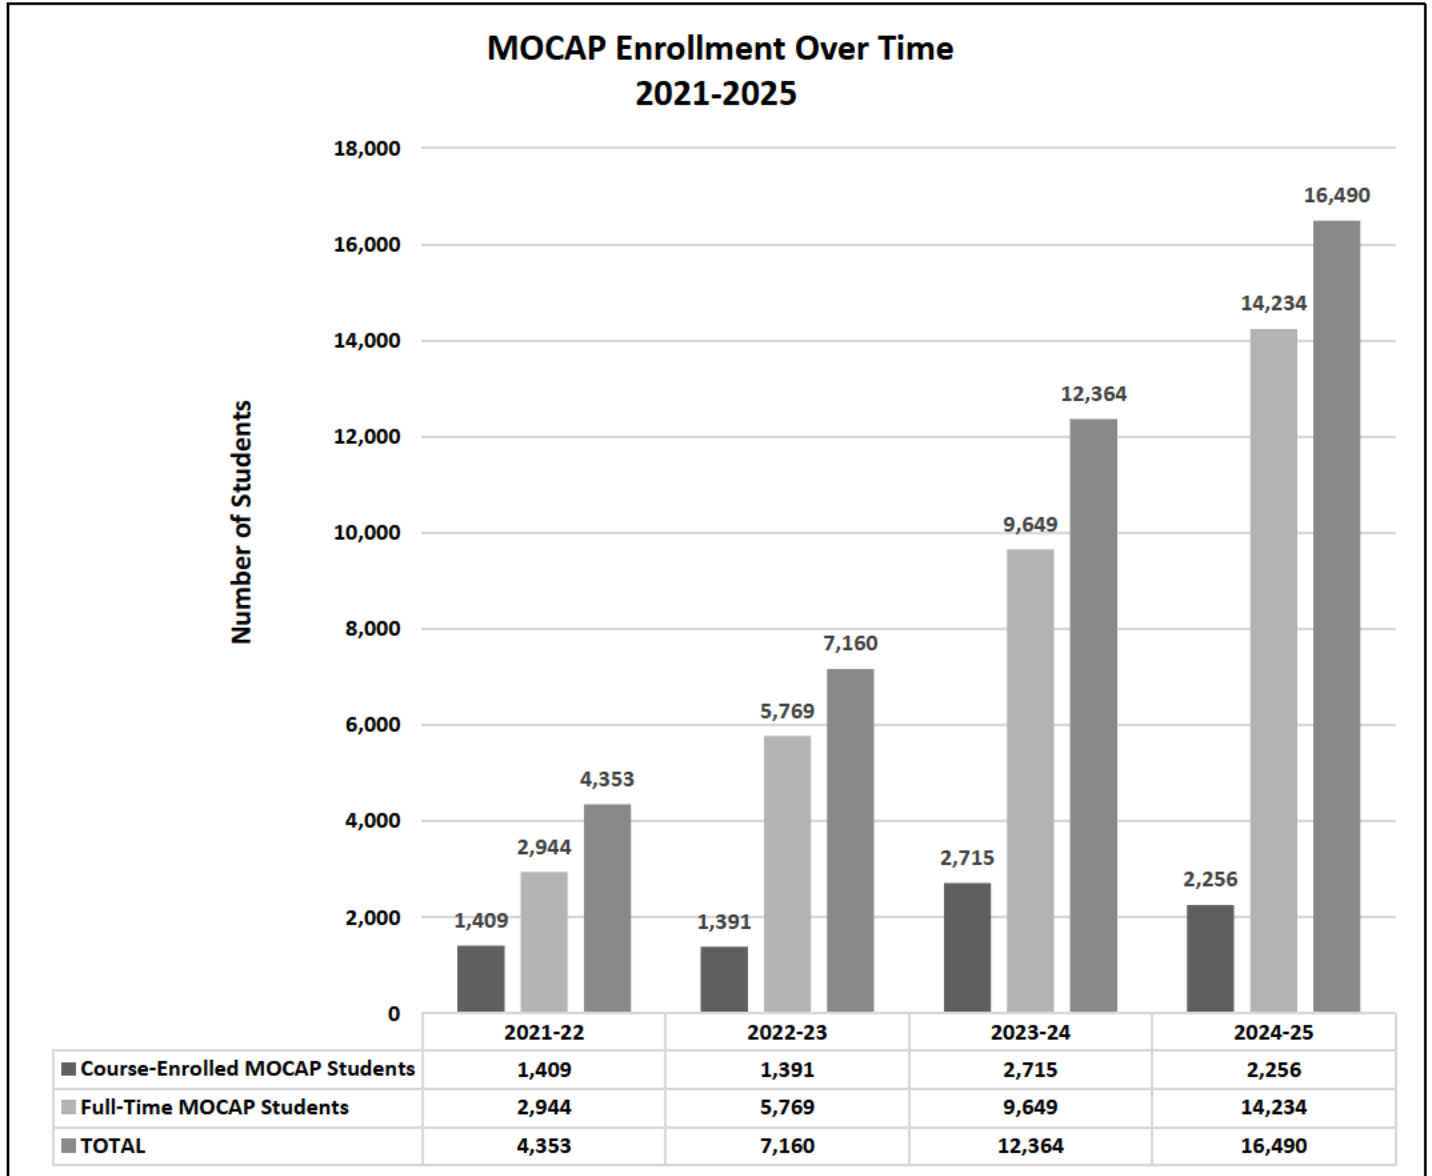

*June Core Data reports indicate 14,847 students enrolled in full-time MOCAP programs, with the difference between the provider-reported student count and the Core Data student count most likely based on students who dropped their MOCAP enrollments.*

## MOCAP Enrollment over Time

Graph 1

## MOCAP Student Demographics

Legislation requires the reporting of student demographic information in the MOCAP annual report for full-time hosted MOCAP students. All MOCAP students were included in student enrollment of their respective resident LEA and LEAs reported student information to the Department of Elementary and Secondary Education as part of Core Data and MOSIS data reporting cycles, for which all Missouri public and charter schools are accountable.

The demographic data regarding free or reduced-price meals, English learning students, students receiving special education services under an Individual Education Plan (IEP), or a Section 504 Plan are used in the weighting calculation for state funding. The certified teacher information is provided to MOCAP by providers to verify that all MOCAP courses are taught by Missouri certified educators who are assigned to courses they are appropriately certified to teach. It is important to note that MOCAP students may enroll from various types of prior educational institutions. The three categories of enrollment represented in the chart below identify the most common prior educational entities from which MOCAP students enrolled.

*The IEP and School District Partner data in the proceeding charts is provided by MOCAP providers to the MOCAP state office and represents providers' self-reported information. Other data is reported to DESE Core Data reporting, which occurs at various intervals throughout the year, accounting for differences in total enrollment reported in the June Core Data Report and reported in charts above and data reported in charts below.*

### Race, Ethnicity, Special Programs, and Enrollment Characteristics

### MOCAP Educators

MOCAP educator data reflects the number of teachers assigned to teach one or more courses by a MOCAP provider. MOCAP educators must be Missouri certified and certified for the content area and/or grade level of the course the educator is instructing.

Table 5

## Host District Payments

In 2022-23, legislation provided for the distribution of state school aid to host LEAs for full-time MOCAP students. Full-time MOCAP students are included in student enrollment of the LEA and LEAs receive an amount per student enrollment equal to the state adequacy target multiplied by the average daily attendance of the full-time MOCAP students. Based on the increase in student participation in MOCAP over time, the payment total increased by \$43,410,743.40 from 2023-24 to 2024-25.

MOCAP Host District	MOCAP Provider	2023 Total Payments	2024 Total Payments	2025 Total Payments
Atlanta C-3	Virtual Prep of MO	--	--	\$589,683.13
Boonville	Greenways Academy	--	--	\$693,721.11
Grandview R-II	MOVA/Stride	\$12,794,625.00	\$11,833,661.96	\$31,077,305.40
Laquey R-V	MODA/Stride	\$1,542,750.00	\$1,368,862.31	\$14,288,204.34
Lee's Summit R-VII	R7 Academy/District	\$44,625.00	\$65,806.58	\$311,913.49
Louisiana R-II	Connections Academy	--	--	\$694,568.21
Mehlville R-IX	At-Home Academy/District	\$573,750.00	\$552,066.08	--
Springfield R-XII	Launch/District	\$2,550,000.00	\$3,032,351.63	\$6,749,796.28
St. Joseph	Virtual Academy/District	\$57,375.00	\$17,404.39	--

University Of Mo - Columbia	Mizzou Academy/MU	\$6,375.00	\$13,894.31	--
<b>Total-All Payments</b>		<b>\$24,572,855.06</b>	<b>\$23,698,022.11</b>	<b>\$67,108,765.53</b>

Table 6

## Equitable Access to Coursework

Parent survey results indicated that several MOCAP course options were not available locally - especially in the areas of specialized courses like Advanced Placement (AP), honors, and elective courses. Course options were often cited as reasons families chose MOCAP courses. World languages, technology courses, and career exploration electives are popular electives and expanded the course opportunities for students enrolling in MOCAP.

Except for advanced core classes, core offerings tended to be redundant to those already available to students. Of the 1,103 parents and guardians who responded to the MOCAP survey item asking, "What percentage of the courses completed by your student were courses not currently offered in a traditional setting at your resident school?" about 24 percent estimated that at least half of courses taken virtually by their students were not available in their resident districts. The table below shows the number of courses by content area students were able to access through MOCAP.

## Course Availability

CONTENT/AREA	Grade Span			
	K-5	6-8	9-12	TOTAL
Advanced Placement	0	0	103	103
Agriculture	0	0	32	32

Table 8

## Student Outcome Data

A primary set of statistics used in this report is enrollment counts, completion rates, and passing rates. Enrollment counts indicate the degree to which courses are of interest to students and generate student selection and enrollments. Completion rates indicate the degree to which students persist to the end of the course, regardless of their final grade. Passing rates indicate the degree of success students realize in a course, as measured by the course grade of 60 percent or higher, divided by the number of students who completed the course.

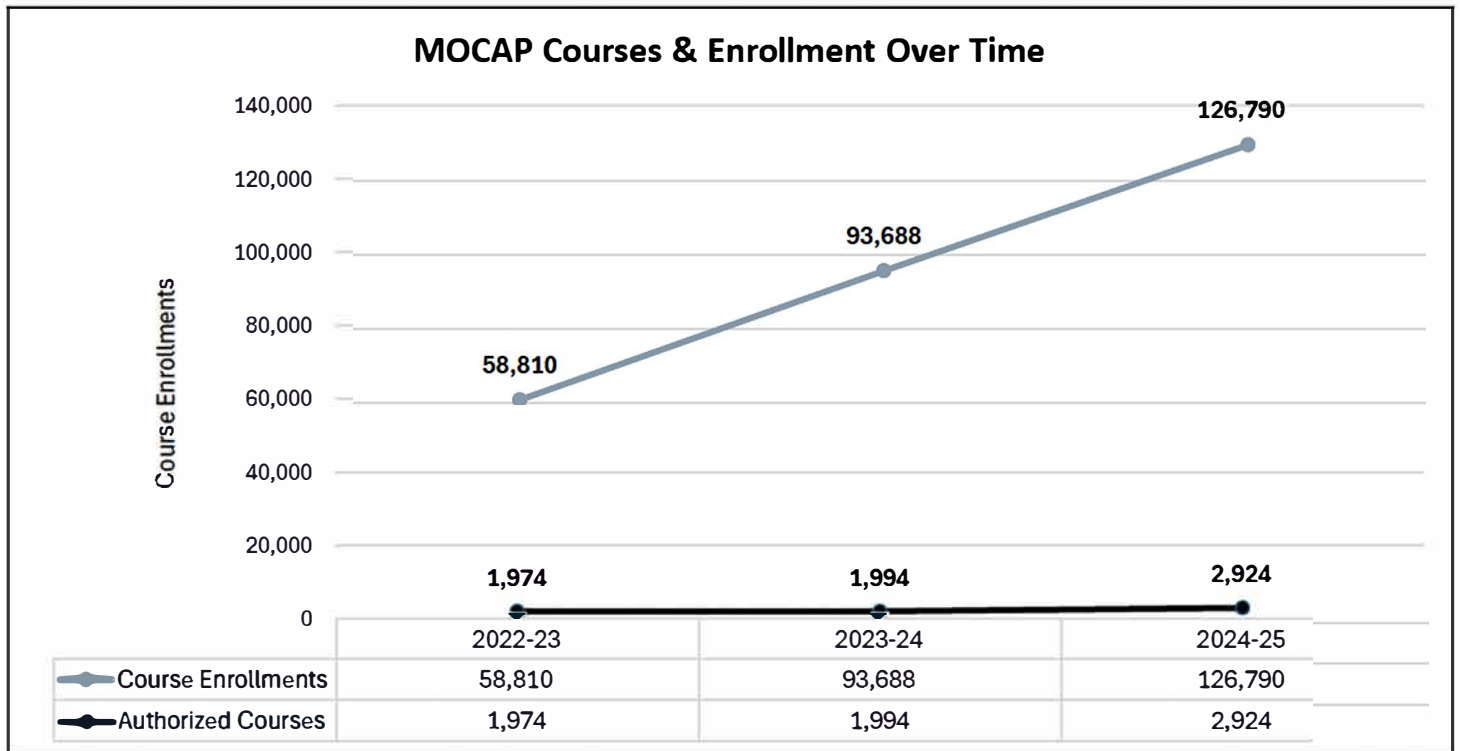

Also included in the data are state assessment results for MOCAP students. Statute requires, and good educational practice advises, that learning gains be used in the MOCAP program evaluation. Learning gains show a student's academic growth over time, usually from one year to the next. After establishing baseline data for MOCAP students' state assessment results in the 2020-21 year, the 2024-25 data represent the fourth year of data representative of trend data of students' performance over time. The data also includes the second year of data for full-time, hosted MOCAP providers whose state assessment data is calculated, by order of statute, into an Annual Performance Report (APR) score calculation for the provider's attendance center within the host district and as part of the host district's APR score.

## Semester Status Reports

The following tables contain enrollments, completion rates, and passing rates, as submitted by MOCAP providers. Cells containing an\* indicate that data are suppressed to protect student privacy. Data is suppressed in cells where the value is less than or equal to 10. Completion rates and passing rates are furnished by MOCAP providers as part of their semester and year-long summary data submissions.

Table 21

## MOCAP Student Test Data

State assessment results demonstrate low proficiency in the tested areas. The number of students assessed and participation rates on the MAP and End of Course (EOC) tests were high, with 99% participation in each tested content area overall, and provider participation rates between 92% and 100% in tested areas. These participation rates, considering significant enrollment increases, demonstrated provider efforts to ensure students were accountable and included as part of both the respective site and district Annual Performance Report (APR) accountability scores.

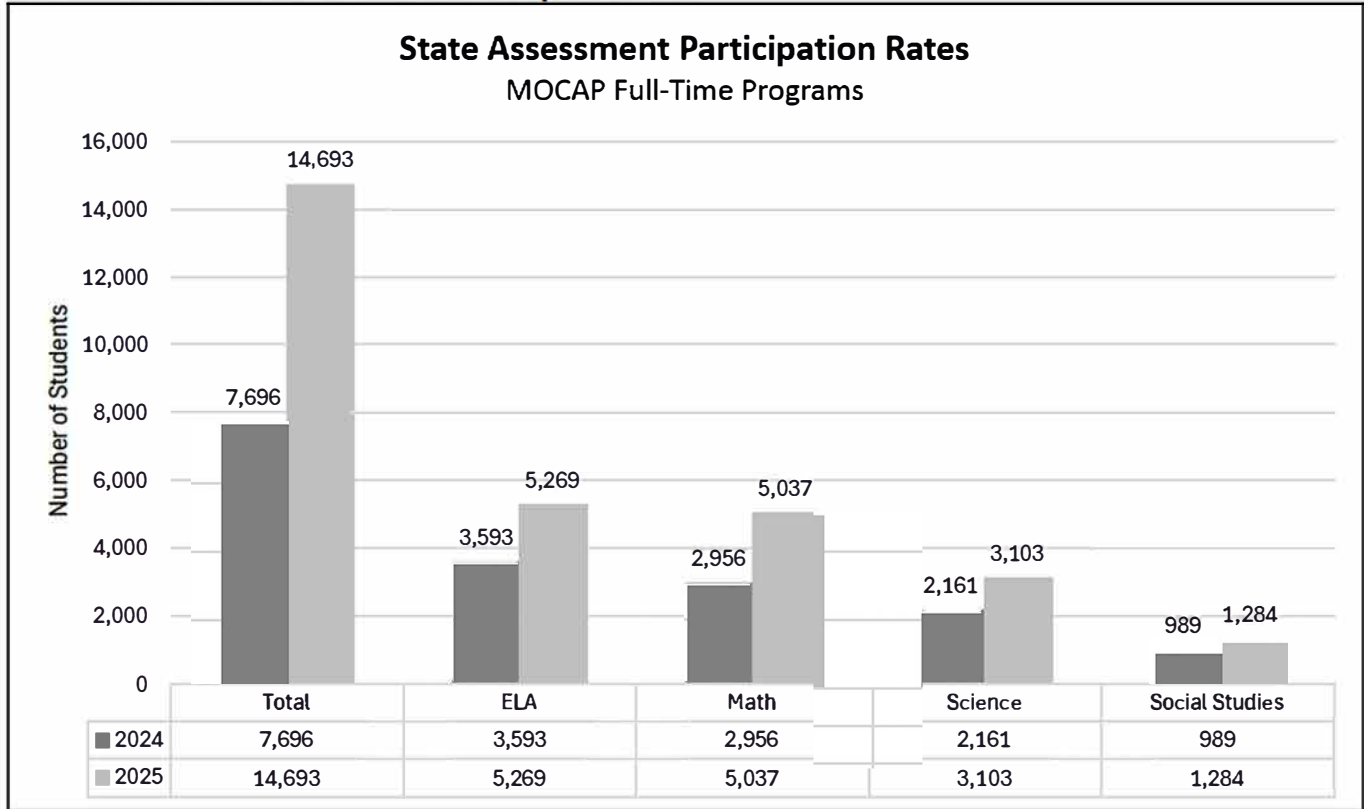

MOCAP students' state assessment proficiency remained low, and behind Missouri's overall proficiency averages in all areas. MOCAP student performance on state assessments had several contributing variables, including assessment different than the mode of instruction and assessment fatigue, since MOCAP full-time students had to travel to a physical testing site to test. Most students took more than one MAP test in a single day. Further, a significant contributing variable appears to have been a lack of accountability related to their state assessment performance, as state assessments do not impact student course outcomes or graduation status.

Missouri accountability is reported for students who are and who are not included in specific demographic groups. **Student groups** are defined in the Missouri School Improvement Program (MSIP) 6 Comprehensive Guide (2024) as being disaggregated by groups of students who are:

low-income students (defined as students who are reported as direct certified (DC) in the National School Lunch Program), students with disabilities (SWD), English learners (EL), and the state's major racial and ethnic student groups. A review of Missouri data identifies five groups who have performed historically below state average: Black, Hispanic, DC, SWD, and EL students. LEAs and schools will receive APR points based on the performance of the aggregated cohort of all students and will also receive a separate score for the cohort comprised of students in one or more of these historically underperforming student groups" (p. 15).

MSIP 6 Comprehensive Guide to the Missouri School Improvement Program. (2024). Missouri Department of Elementary and Secondary Education. Updated 15 April 2024.

## MOCAP ACT® Data

In 2025-26, there were 1,558 students enrolled in MOCAP as seniors. Of the seniors enrolled, 126 students participated in at least one ACT test, so the ACT® composite average represents data from 8% of the Class of 2025 MOCAP 12<sup>th</sup> grade cohort who participated in the ACT® and had an ACT® score reported in the ACT® Score Report. This is below the Missouri cohort ACT® participation rate of 36% and the national participation rate of 36%.

	Number of Students Tested	Average ACT® Composite	Number of Students in Cohort	Percent of Cohort Taking ACT®
MOCAP ACT 2024	314	18.3	1,049	36%
MOCAP ACT 2025	295	17.4	1,558	15%
Missouri ACT 2024	54,369	19.8	63,173	48%
Missouri ACT 2025	47,572	19.7	73,187	65%
National ACT 2024	n/a	19.2	n/a	37%
National ACT 2025	1.4 million	19.4	3.9 million	36%

Table 33

## Summary of Parent/Guardian & LEA Surveys

In compliance with Section 161.670.3(4)(b), RSMo., the Department collected feedback from parents/guardians who had students enrolled in MOCAP courses. This feedback was gathered related to the reasons for students participated in MOCAP as required by statute. In addition, the surveys also gathered information related to parents' and guardians' perceptions of MOCAP course quality.

An LEA survey was distributed at the end of each semester during the 2024-25 academic year and received 1,384 unique responses. With a MOCAP student enrollment in MOCAP courses or MOCAP full-time programs, to achieve statistical significance with a 5% margin of error, between 377 and 385 survey responses would be required. Based on the number of responses received, the MOCAP survey data exceeds the goal for the established confidence level (95%) for the survey.

The survey's perceptual data helps determine reasons for enrollment in the MOCAP course or full-time programs and course quality using a five-point Likert scale ranging from "strongly disagree" to "strongly agree." The figures below are averages of all responses.

### Feedback from Parents/Guardians

## Summary and Conclusions

During the 2024-25 academic year, MOCAP worked to maintain consistent practices established in 2022-23 after the passage of legislation that established two pathways for online learning in Missouri. The year also brought the MOCAP administrative rule out of abeyance and into practice, ending a year of MOCAP operations without administrative procedure as guidance.

MOCAP providers worked to improve student engagement in courses and participation in state assessments, with data indicating that the increased participation rate goal was met. Parent choice in their children's education continued to gain momentum, which seemed to contribute to the increase in MOCAP full-time enrollments.

As full-time MOCAP enrollment continued to trend up, MOCAP course enrollment declined for the second straight year, with one course provider choosing to discontinue participation as a MOCAP partner. Likewise, two full-time providers chose to discontinue their partnerships, with one new full-time partnership joining MOCAP.

State assessment performance continues to trail state averages, as students who engage in MOCAP are, in many cases, students who have risk indicators prior to enrolling in online learning. These students enroll, as reported by parents, due to dissatisfaction with their local schools or districts, due to medical or emotional conditions, or as a chance to realize success in school. Students who sought academic enrichment or acceleration tended to enroll in MOCAP courses through their LEA rather than full-time enrollment.

Both student and course enrollment metrics increased in 2024-25 and again exceeded the previous year's record. As new providers and host districts participate in MOCAP, it is likely this trend will continue. The MOCAP team works to provide supports for MOCAP providers and host districts, LEAs, parents, and students by transitioning to a new MOCAP website and reviewing processes to ensure we are serving Missouri and their opportunity for to review their online learning choices in the most efficient and effective ways possible.

## Appendix A – Approved Courses by Provider

Enrollment figures in the courses on the following pages are calculated from monthly progress reports provided by the providers.

Fields, if available, include:

- Course Name
- Grade Level (K-12)
- Type of Credit/Subject (ELA, Science, Electives, Etc.)
- MOSIS Course ID
- NCAA Approved (Yes or No)
- Prerequisites (Yes or No)
- Number of Semesters (1, 2, or full year (FY))
- Per Semester with Teachers Cost
- Per Semester Curriculum Only Cost
- Per Year with Teachers Cost
- Per Year Curriculum Only Cost
- Materials and Book Cost

## Missouri Course Access and Virtual School Program (MOCAP) Course Catalog

### COURSES WITH INSTRUCTION

Course Name	Grade Level (K-12)	Type of Credit (ELA, Science, Electives, Etc.)	NCAA Approved? (Yes or No)	Number of Semesters (1 or 2)	Per Semester With Teachers	Per Year With Teachers	Materials and Book Cost	Vendor
Science 6 A/B	6	Science	No	2	\$250			Edmentum
Science 6 A/B with Virtual Labs	6	Science	No	2	\$250			Edmentum
Math 7 A/B	7	Mathematics	No	2	\$250			Edmentum
Science 7 A/B with Virtual Labs	7	Science	No	2	\$250			Edmentum
Science 7 A/B	7	Science	No	2	\$250			Edmentum
English 8 A/B	8	English Language Arts	No	2	\$250			Edmentum
Science 8 A/B	8	Science	No	2	\$250			Edmentum
Science 8 A/B with Virtual Labs	8	Science	No	2	\$250			Edmentum
English IV A/B	12	English Language Arts	Yes	2	\$250			Edmentum
Middle School Exploring Information Technology A/B	6-8	Business	No	2	\$250			Edmentum
Middle School Career Explorations 1 A/B	6-8	Elective	No	2	\$250			Edmentum
Middle School Career Explorations 2 A/B	6-8	Elective	No	2	\$250			Edmentum
Middle School Exploring Health Science A/B	6-8	Elective	No	2	\$250			Edmentum
Middle School Journalism A/B	6-8	English Language Arts	No	2	\$250			Edmentum

Middle School 2D Studio Art A/B	6-8	Fine Arts	No	2	\$250			<b>Edmentum</b>
Middle School Digital Art and Design A/B	6-8	Fine Arts	No	2	\$250			<b>Edmentum</b>
Middle School Photography: Drawing with Light	6-8	Fine Arts	No	1	\$250			<b>Edmentum</b>
Middle School Photography: Introduction	6-8	Fine Arts	No	1	\$250			<b>Edmentum</b>
Fitness Basics 1	6-8	Physical Education & Health	No	1	\$250			<b>Edmentum</b>
Fitness Basics 2	6-8	Physical Education & Health	No	1	\$250			<b>Edmentum</b>
Introduction to Group Sports 1	6-8	Physical Education & Health	No	1	\$250			<b>Edmentum</b>
Introduction to Group Sports 2	6-8	Physical Education & Health	No	1	\$250			<b>Edmentum</b>
Introduction to Individual Sports 1	6-8	Physical Education & Health	No	1	\$250			<b>Edmentum</b>
Introduction to Individual Sports 2	6-8	Physical Education & Health	No	1	\$250			<b>Edmentum</b>
Middle School Fitness A/B	6-8	Physical Education & Health	No	2	\$250			<b>Edmentum</b>
Life Science A/B	6-8	Science	No	2	\$250			<b>Edmentum</b>
Middle School Exploring Business	6-9	Business	No	1	\$250			<b>Edmentum</b>
Middle School Contemporary World A/B	6-9	Social Studies	No	2	\$250			<b>Edmentum</b>
Middle School World History A/B	7-8	Social Studies	No	2	\$250			<b>Edmentum</b>
Earth & Space Science A/B	7-9	Science	No	2	\$250			<b>Edmentum</b>
Physical Science A/B	7-9	Science	Yes	2	\$250			<b>Edmentum</b>
Family and Consumer Science	7-10	Family & Consumer Science	No	1	\$250			<b>Edmentum</b>
Family Living and Healthy Relationships	7-10	Family & Consumer Science	No	1	\$250			<b>Edmentum</b>

World Geography A/B	8-9	Social Studies	Yes	2	\$250			<b>Edmentum</b>
Accounting A/B	9-12	Business	No	2	\$250			<b>Edmentum</b>
Business Information Management A/B	9-12	Business	No	2	\$250			<b>Edmentum</b>
Computer Programming A/B	9-12	Business	No	2	\$250			<b>Edmentum</b>
Computing for College & Careers: Introduction A/B	9-12	Business	No	2	\$250			<b>Edmentum</b>
