

## How does MODA provide students with personalized education?

MODA takes a personalized approach to education by removing barriers to learning, reaching students where they are, and providing innovative, high-quality online education solutions, curriculum, and programs.

## How does a day at MODA look?

Students participating in MODA receive a high-quality, personalized education experience online. In online schooling serving grades K–12, the classroom is in the home or on the road, wherever an internet connection is available.

Full-time students' days include a combination of:

- Online lessons, interactive activities, and virtual classroom sessions in the Online School (OLS)
- Independent activities not on the computer using MODA provided materials, including textbooks and workbooks
- Interaction with teachers and classmates online or by phone
- Guidance from their Learning Coach to ensure they are making progress during the day
- Planned student activities and parent support as needed

Students are expected to complete schoolwork each day and attend virtual classroom sessions as scheduled by their teachers.
