MOCAP Courseware Accommodations and Modifications

Differentiated Instruction refers to adjustments in teaching methods or materials to accommodate each student's learning needs and preferences and is available for all students. These instructional strategies should not be documented on Form F.
Accommodations are changes in procedures or materials that increase equitable access in the instructional setting. Accommodations generate comparable results for students who need them and allow these students to demonstrate what they know and can do.
Modifications are changes in procedures or materials that change the construct of the educational task making it difficult to compare results with typical peer results. Modifications allow students to
demonstrate what they know and can do in a non-standardized way.

	Indicate below the accommodations and modifications the courseware provider is able to offer.	
Check box for YES	**Accommodations and Modifications**	**Notes**
1. Grading		
☑	Modify weight of course examinations	Teachers can adjust course editing options for Assessments: adjusting thresholds, grade weights, assessment options, time limits, fail attempts, automatic progression, and allow notes. Teachers can be permitted to make changes in grade weighting for students with IEPs.
☑	Modify weight of course components	Teacher can change or adjust the weight in course components.
☑	Use weekly grade checks	Teachers can track progress in real time.
	Other:	
2. Online Course Content and Instruction Access		
☑	Adapted or simplified text/material	Courses are fully customizable. Lessons can be removed or added. Teachers can add supplemental activities for remediation or enrichment as needed.
☑	Text-to-speech (user controlled and with tools)	
☑	Text highlighting (user controlled)	
☑	Screen magnification (user controlled)	
☑	Captioning (closed and/or open)	
☑	Video description	
☑	Provide home set of accessible digital textbooks/materials	
☑	Braille ready format course content	
☑	Large print course content	
☑	Alternative input access (voice, eye gaze)	
☑	Student can record instruction (audio and/or video)	
☑	Other:	
3. Instructional Supports		
☑	Note taking assistance	
☑	Teacher provides notes	
☑	Study guides	
☑	Other:	Guided Notes are included with some applicable courses and will provide a lesson-specific note-taking template for students, helping them to during the lesson and giving them a study guide for assessments.
4. Tests/Exams		
☑	Oral	
☑	Short answer	
☑	Extended time for completion	
	Record test	
☑	Multiple sessions	

✅	Exams of reduced length	
✅	Open book exams	
✅	Modify test Format	
✅	Record student responses	As appropriate student responses are recorded for teachers to provide feedback.
✅	Other:	Teachers can create their own writing prompts. Tests and exams automatically adapt to assess only what's included. They can customize assessment feedback for the student.

5. Assignments		
	Allow copying from paper/book	
✅	Lower difficulty level/shorten assignments	
✅	Directions given in a variety of ways	

✅	Extended time for completion	Teachers can adjust start and target completion dates by customizing the assessment calendar and progress tracking.
✅	Maintain assignment notebook	For permissioned educators, the ability to customize curriculum and modify course and assessment options to meet individual student and program needs are paramount. Edgenuity's flexible customization toolset allows for the ability to add, remove, reorder and insert content. Customization can take place in real time and customization options for courses that are "in-flight" are also available. Content can be customized for specific students, small group instruction, or for the entire class to focus only on specific standards or skills. Teachers can also customize the assignment types, so students complete more or fewer readings, writing assignments, projects, and other activity types.
	Other:	

6. Pacing		
✅	Extended time for oral responses	
✅	Extended time for written responses	
✅	Allow frequent breaks/vary activities	
	Other:	

7. Other (Specify)
