

What to Expect from MOCAP

Once you've considered which enrollment option best fits your student, it's helpful to understand how MOCAP courses work and what students can expect academically.

State Assessments

- All MOCAP students are required to participate in Missouri state assessments.
- Testing details are coordinated by the provider or district.
- Families should contact the provider directly for assessment information.

Equipment & Technology

- MOCAP providers are not required to supply computers, internet access, or equipment.
- Some providers may offer support, but availability varies.
- Families should confirm technology requirements directly with the provider.

Student Activities

- Participation may be available for full-time virtual, homeschool, and Family Paced Education (FPE) students, as allowed by law.
- Students must meet eligibility requirements.
- Some activities may require enrollment in specific courses.
